A Little About Us

At Global Knowledge Expo Consultancy, we are dedicated to helping students across Bangladesh access better education and career opportunities. Founded in 2026 by Raisul Islam and Masud Mia, our consultancy has grown rapidly, and we have worked with over 1100 students to date. Our mission is to provide personalized guidance on university admissions, visa consultancy, career analysis, and scholarships to help students achieve their dreams of studying overseas and building successful careers.

We take pride in our team of experienced professionals who have firsthand experience with studying and working overseas, and are committed to providing the highest quality of service and support to our clients. With our extensive network of partners and universities, we are able to provide a wide range of options and opportunities to our students. Our services are tailored to each student's individual needs and aspirations, ensuring that they have the best chance of success.

At Global Knowledge Expo Consultancy, we believe that education is the key to unlocking a brighter future. Join us on this mission to empower students and help them realize their full potential.

Mission Statement

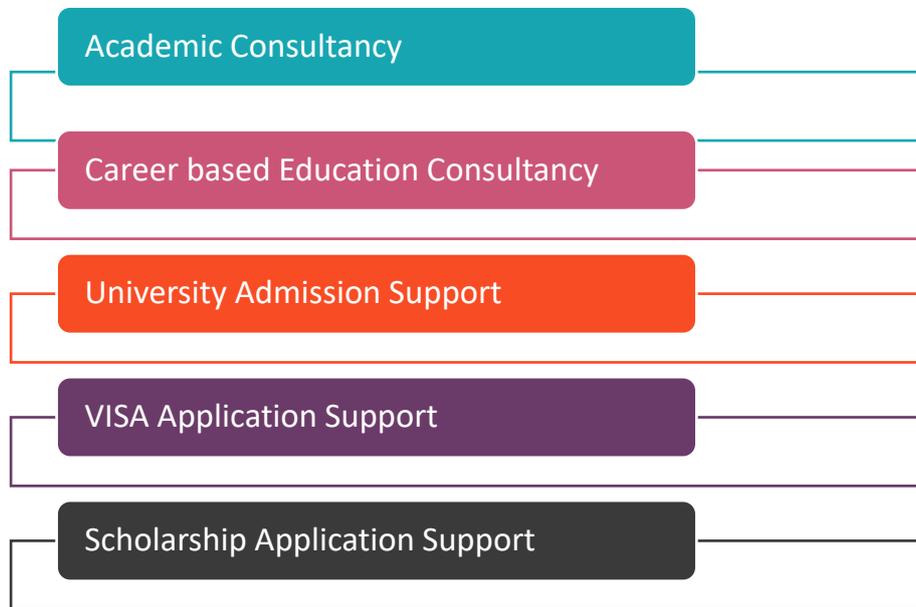

Our mission at Global Knowledge Expo Consultancy is to empower students to pursue their dreams of studying overseas and building successful careers. We strive to provide personalized guidance and support to each and every student, helping them navigate the complex process of university admissions, visa consultancy, career analysis, and scholarships. We are committed to helping students access the best education and career opportunities available. Through our extensive network of partners and universities, we aim to provide a wide range of options and opportunities for students, regardless of their background or circumstances. At Global Knowledge Expo Consultancy, our mission is to help students achieve their full potential and realize their dreams.

“Empowering students to pursue their dreams of studying overseas and building successful careers.”

Our Services

At Global Knowledge Expo Consultancy, we offer a wide range of services to help students achieve their goals. Our services include:

We pride ourselves on providing high-quality services that are tailored to meet the unique needs of each student.

Academic Consultancy: Our academic consultancy services provide personalized guidance and support to help students identify their strengths, explore different fields of study, and choose the right academic program. We also offer expert advice on university selection, admission requirements, and scholarship opportunities to ensure that our clients have the best chance of success.

Career based Education Consultancy: Our Career-based Education Consultancy services provide personalized guidance and support to help students identify their career goals, explore different career paths, and choose the right academic program and specialization. We also offer expert advice on job market trends, resume building, interview preparation, and job search strategies to help our clients build successful careers.

University Admission Support: Our University Admission Support services provide guidance and support to help students navigate the admission process, identify suitable universities and programs, and increase their chances of getting accepted. We provide assistance on application essays conceptualization, required documents, and interview preparation to ensure that our clients are well-prepared for the admission process.

VISA Application Support: Our VISA Application Support services provide guidance and assistance to help students successfully apply for a VISA to study overseas. We help students navigate the entire VISA application process and ensure that they are prepared for their overseas education journey.

Scholarship Application Support: Our Scholarship Application Support services help students identify suitable scholarships that match their academic and career goals. We provide assistance throughout the application process, ensuring that students prepare strong applications and meet deadlines. One of our top goal is to help students pursue their dream education without financial constraints.

Education and Student Consultancy Market in Bangladesh

A big pool of students seeking overseas education each and every year.

The Education System

The education system in Bangladesh is overseen by the country's Ministry of Education. The Ministry of Primary and Mass Education is responsible for implementing policy for primary education and state-funded schools at a local level. In Bangladesh, all citizens must undertake ten years of compulsory education which includes primary school and secondary school.

Secondary education is divided into a two-year lower-secondary phase (grades nine and ten) and a two-year upper secondary phase, called higher secondary (grades 11 and 12).

- In **2020**, around **1,010,901** students graduated High School in Bangladesh.
- In **2021**, around **873,600** students graduated High School in Bangladesh.
- In **2022**, around **1,099,614** students graduated High School in Bangladesh.
- According to UNESCO data, around **70,000 to 90,000** students from Bangladesh travel overseas for higher studies every year.
- The United States, Australia, New Zealand, Canada, India, China, Malaysia, Japan, Germany, the United Kingdom, and other European countries are among the preferred countries for Bangladeshi students.

Every year, tens of thousands of students from Bangladesh seek opportunities for higher education abroad, in pursuit of their dreams and a better future. As the demand for overseas education grows, the process of navigating admission requirements, visa applications, and scholarship opportunities can be overwhelming and confusing for many students and their families. At Global Knowledge Expo Consultancy (GKEC), we believe that every student deserves the chance to pursue their academic and career goals, regardless of their background or financial means.

We understand the importance of higher education for students in Bangladesh. With around 1,00,000 students traveling abroad for their studies each year, our goal is to make the process smoother, easier, and more affordable. We strive to provide comprehensive consultancy services to help these students reach their goals for higher education abroad. Since 2021, we have already collaborated with several other consultancy firms and overseas Universities, and helped over 400 students secure admission to universities in Poland, Sweden, China, Japan, and the United Kingdom.

Since our initiative, we have helped hundreds of students from Bangladesh to navigate the complex process of studying abroad, and we have built strong partnerships with universities and educational institutions in several countries.

Due to COVID-19, Overseas Education numbers took a hit from 2020 to 2022. And now the demand and numbers are growing massively.
